

Chery Automobile (9973 HK)

Last price: HK\$25.64

Support levels: HK\$24.62/HK\$23.68

Resistance levels: HK\$28.28/HK\$30.10

Technical View:

Price has established a definitive structural floor at HK\$23.68, serving as a localised demand node that paved the way for yesterday's breakout above the recent swing-high threshold. The RSI maintains a sharp positive trajectory toward its 50-neutral baseline. This confluence of a confirmed horizontal base and expanding momentum biases the technical outlook toward a sustained upward expansion.

Average timeframe: Around two weeks.

JD Health (6618 HK)

Last price: HK\$36.50

Support levels: HK\$34.60/HK\$31.84

Resistance levels: HK\$40.00/HK\$45.92

Technical View:

Price is currently consolidating within a flag pattern, accompanied by a flattening momentum profile as the RSI neutralises around the 50 midline. This sideways price distribution represents an orderly absorption of supply rather than a structural reversal. Consequently, the technical framework anticipates a reacceleration of the primary uptrend upon a confirmed daily closing break above the flag's resistance boundary.

Average timeframe: Around two weeks.
