

### Geely Automobile (0175 HK)

Last price: HK\$19.12

Support levels: HK\$17.81/HK\$17.43

Resistance levels: HK\$21.04/HK\$22.68

#### Technical View:

Price maintained its footing above the resistance-turned-support zone, while consolidating into a potential bullish flag continuation pattern. The RSI is holding firmly above its neutral 50-midline to reflect underlying strength. This favours a resumption of the broader trend, projecting further upside progression towards higher targets once the flag structure resolves to the upside.

Average timeframe: Around two weeks.

### China Gold International (2099 HK)

Last price: HK\$171.80

Support levels: HK\$164.30/HK\$157.70

Resistance levels: HK\$190.70/HK\$210.20

#### Technical View:

Bulls continue to hold the line above the resistance-turned-support zone, keeping the primary uptrend firmly intact. The RSI remains comfortably above its neutral level to signal that buyers retain clear control of the tape. This setup points to a high-probability bounce off support, opening the door for price to resume its upward trajectory and push towards higher targets as long as the floor holds.

Average timeframe: Around two weeks.
