AAC Technologies (2018 HK)

Last price: HK\$42.72
Support levels: HK\$40.46/HK\$39.88
Resistance levels: HK\$47.32/HK\$50.05

Technical View:

The price has extended its uptrend with a decisive breakout above previous resistance, reinforcing a healthy pattern of higher highs and higher lows. Supported by an RSI that continues to trade above neutral, buyer momentum remains firm. The technical bias stays tilted to the upside, pointing toward further gains as long as the current market structure holds.

Average timeframe: Around two weeks.

Horizon Robotics (9660 HK)

Last price: HK\$5.10
Support levels: HK\$4.83/HK\$4.62
Resistance levels: HK\$5.53/HK\$6.06

Technical View:

Following a successful breakout, the price is consolidating above resistance-turned-support zone to form a potential flag pattern. Backed by an RSI that maintains its position above neutral territory, the broader bullish posture remains intact. A high-volume move out of this flag structure would signal a resumption of the primary uptrend toward higher resistance levels.

Average timeframe: Around two weeks.
