China Overseas Land & Investment (0688 HK)

Last price:	HK\$14.15
Support levels:	HK\$12.97/HK\$11.97
Resistance levels:	HK\$14.77/HK\$15.61

Price printed a shooting star candlestick pattern following a clear rejection at the resistance zone. Although the RSI remains above its neutral 50-midline, the long upper shadow highlights an abrupt intraday loss of buyer control at key levels. A confirmed bearish follow-through close today would validate this reversal structure, setting the stage for a corrective move lower towards lower support floors.

Average timeframe: Around two weeks.

Link Real Estate Investment Trust (0823 HK)

Last price:	HK\$39.30
Support levels:	HK\$38.22/HK\$37.18
Resistance levels:	HK\$41.96/HK\$42.54

Price staged a decisive breakout from a bull flag consolidation range yesterday, creating a rising window gap that confirms aggressive buy-side demand. The RSI pivots upward from its neutral 50-midline into positive territory. This signals structural strength, pointing towards a sustained continuation move higher.

Average timeframe: Around two weeks.
