TCL Electronics (1070 HK)

Last price: HK\$17.20
Support levels: HK\$16.56/HK\$15.31
Resistance levels: HK\$18.60/HK\$19.85

The price executed a powerful structural expansion off its resistance-turned-support pivot, breaching previous peak resistance to enter unmapped price discovery at a new all-time high. The RSI trends steadily above its neutral 50-midline with an upward trajectory. As long as buyers defend the critical S\$16.95 floor, it favours sustained upside momentum toward higher targets.

Average timeframe: Around two weeks.

Sands China (1928 HK)

Last price: HK\$13.78
Support levels: HK\$12.77/HK\$11.48
Resistance levels: HK\$14.15/HK\$14.85

The price executed a rejection off its support-turned-resistance zone, with overhead supply capping buyer initiative. The RSI continues to fall below its neutral 50-midline. As long as sellers maintain control of this newly converted resistance ceiling, it favours sustained downward trajectory toward the next primary support zone.

Average timeframe: Around two weeks.

IMPORTANT NOTICE - DISCLOSURES AND DISCLAIMERS
