Star Shine (1440 HK)

Last price: HK\$19.65
Support levels: HK\$17.88/HK\$16.80
Resistance levels: HK\$21.54/HK\$23.50

Price rebounded from its resistance-turned-support zone. The RSI remains in positive territory above its neutral 50-midline and is curling upward. As long as price remains defended above this converted demand anchor, we could expect a continued upward expansion toward higher supply targets.

Average timeframe: Around two weeks.

COSCO SHIPPING Ports (1199 HK)

Last price: HK\$6.21
Support levels: HK\$5.77/HK\$5.68
Resistance levels: HK\$6.68/HK\$7.25

Price further penetrated its recent price high and is approaching its all-time high resistance region. The RSI remains in deeply bullish territory, and its upward turn within the overbought zone signals intense trend velocity and momentum acceleration. As long as price defends this newly established support floor, we see continued upward expansion and price discovery towards uncharted all-time high territory.

Average timeframe: Around two weeks.
